

Urban Development: German-Danish City Dialogue

The Danish Consulate General in Munich invites companies, organizations and public institutions to take part in an exclusive business seminar.

On **May 02 2018**, The Danish Consulate General in Munich will host a seminar for invited German and Danish guests. The main purpose of the event is to discuss how Danish cities can contribute to sustainable and innovative urban solutions in German cities – and vice versa. Several of the most interesting city projects from Denmark will be presented. Representatives from the City of Copenhagen, the City of Aarhus, and local stakeholders from Munich will present ideas about long-term visions and ongoing initiatives.

The seminar takes place at The Danish Consulate General in Prinz Ludwig Palais at **Türkenstr. 7, 80333 München**. The seminar will be held in English.
